Re: **Indiana Permanent Supportive Housing Institute**

The Corporation for Supportive Housing is Excited to Announce the 2008 Indiana Permanent Supportive Housing Institute

The Indiana Housing and Community Development Authority (IHCD) recently launched the Indiana Permanent Supportive Housing Initiative (IPSHI) which is focused on creating housing for long-term and chronically homeless individuals and families. With support from IHCD and Great Lakes Capital Fund, CSH is offering the Indiana Permanent Supportive Housing Institute as a tool for assisting communities to bring projects from concept to completion. Ten (10) teams will be invited to participate in a 6 month, 80 hour training and technical assistance course with the goal of creating new permanent supportive housing projects throughout the State. The Request for Proposals (RFP) for the institute will be released in the next week. Begin thinking about what organizations in your community might be interested in coming together as a team to respond to this upcoming RFP. Teams can be made up of non-profit and/or for-profit developers; mental health, medical, and social service providers; and, other local agencies serving individuals and families who are homeless. The statewide institute will be held in Bloomington on the dates listed below.

- **June 10, 11, 12**
- **July 9, 10**
- **August 6, 7**
- **September 9, 10**
- **October 8, 9**

If you have an idea or concept and have been talking about wanting to put together a project, now is your opportunity to get support and technical assistance to bring the project to completion. A team of expert trainers from CSH and other local presenters will provide team training and individual technical assistance. If you have any questions, feel free to contact Lori Phillips-Steele at 317-503-2042 or by e-mail at lori.phillips-steele@csh.org. To learn more about CSH, please go to www.csh.org.
